Information Request AG-1-4

Q. Please provide a description of the Millennium Pipeline and a status report on its progress. Include the interconnection points and names of the interconnecting pipelines. Identify the Company's capacity entitlements on each connecting pipeline.

A. Millennium is a proposed pipeline project that will extend from Corning, NY to Ramapo, NY and will consist of 181.7 miles of 30 inch pipe. For a more detailed description of the pipeline and its current status, please refer to Millennium's August 1, 2005 FERC application in Docket No. CP98-150.

KeySpan's New York LDC, KeySpan Energy East, has entered into a precedent agreement for capacity on Millennium. The company's Massachusetts LDCs have no plans to contract for capacity on Millennium.
